

Princess Presto's Color by Letter Sound

Princess Presto needs your help to make her snake friend more colorful! Fill in the snake's body with the color that has the same beginning letter sound as the fruit or vegetable in each section. For example, radish starts with the letter r, just like the color red. Color the snake's body red in all of the parts with a radish in them. When you're done, fill in his spots with any colors you like.

-  = cream
-  = aqua
-  = red
-  = orange
-  = tan
